

Dear Harbor School Community,

Harbor School's annual "Harbor Fund" kicks off this week. We hope you will join this important community effort with a gift to support Harbor School! While families and community members can donate to the Harbor Fund year round, we are beginning this year with a special appeal.

For the last 25 years, Harbor School has been an active part of the community, providing an independent choice for hundreds of families. Since the beginning of this school year new families have joined our community and we are continuing to field inquiries. We have delighted in seeing all of our students on campus in outdoor settings, and are ready to continue building on these important opportunities to connect with our students in person.

The Harbor Fund provides vital funding for Harbor School's operations. This year as we are faced with a substantial impact due to Covid-19, we are relying on your generous giving more than ever. It is our goal to raise \$30,000 in donations by November 13th, to support our expected annual expenses as well as some of the following budget areas that have been affected by COVID-19, including;

- Health and safety equipment that allows us to have our students on campus
- Classroom technology and resources that support our remote learning program
- Professional development for faculty as we strive to improve remote and outdoor learning instruction
- Facilities adjustments such as the addition of outdoor hand washing and restroom options to allow for outdoor learning opportunities

We know that families and their businesses are impacted by this crisis as well, and we understand and respect that all families do not have the same ability to donate. We will celebrate all donations, large and small. You are all valued members of our community. If you are able to give more right now, know that this gift can have a tremendous impact on our community during this time of need.

While there is a lot of uncertainty right now, we are also in an exciting time of change and renewal. Teachers and students are adapting and learning new skills and I have no doubt we will be a stronger, more resilient community when we emerge from this crisis.

Recurring gifts are flexible and an easy giving option for busy families. They also provide less impact on a family's monthly budget. A gift of \$25 a month can make a big impact on our fundraising goals over a single calendar year. That \$25 easily turns into \$250 before the school year ends!

One-time and recurring gifts can all be made through our online donation portal. No need to fill out a pledge form or take time out of your day to swing by school. Simply [click here](#) and complete your online donation today!

As a non-profit 501c3 organization, your donation to Harbor School is tax deductible to the fullest extent of the law.

Thank you for your support of our programs.

Kind regards,  
Teri
